ABOUT THE FESTIVAL

In 2019, the Renmark Rose Festival will celebrate its 25th year as one of the region’s largest and most supported festivals.

Since its humble beginnings in 1994, the Rose Festival has evolved into a major event and today runs for 10 days, spans towns across the Riverland and provides a range of events and attractions.

Each year the Rose Festival committee is committed to looking at new and exciting initiatives to complement the existing festival’s events and activities, plus the event has a constantly changing array of open gardens to enjoy, spread out over numerous towns throughout the Riverland.

In this, we hope to keep the Renmark Rose Festival as fresh and vibrant as our wonderful roses.

The festival is a celebration of the region and its communities. It is an opportunity to showcase the region’s produce, enjoy our spectacular weather and experience the beauty of the magnificent Murray River.

Be welcomed by our diverse multicultural community and experience our friendly and accommodating hospitality. Whether you are a local, a visitor from within South Australia, one of our many interstate visitors, or even visiting from overseas, we invite you to come and enjoy our festival.

This year, the committee is looking forward to the return of Ruston’s Roses to our list of attractions to celebrate our milestone event.

Thank you
The Renmark Rose Festival Committee would like to thank everyone for opening their gardens.

We would also like to acknowledge the work of the Friends of the Festival.

DAVID RUSTON O.A.M. 1930~2019

It is with great sadness that the Rose Festival Committees present and past feel the passing of David Ruston O.A.M in May of this year.

David played an important part in the establishment of the Rose Festival today and its success.

Many people come from all over Australia and the world just to see the magic that David created many years ago.

His passion for the rose was contagious.

If you listened to him or watched him artistically put together his beautiful displays you were forever a Rose grower.

David had a great sense of humour and could answer any question asked of him.

He was a gentleman to the end.

This is the Rose Festival’s 25th year celebration. We hope that it is bigger and better in memory of David.

His life with roses will go on for many generations.
OPEN GARDENS

ABOUT THE GARDENS
Soak up spectacular spring blooms at this year’s Riverland Open Gardens. The Riverland Open Gardens is one of the premier events of the Renmark Rose Festival and each year the Riverland public open up some of their wonderful gardens for people to visit. In 2019 the region is again well represented, with open gardens from Renmark, Paringa, Loxton, Berri, Barmera, Glossop, Monash and Waikerie. You are invited to view the open gardens during their advertised opening times as shown on page 9 and to appreciate the time and effort the owners take in presenting their properties. Many of the gardens politely ask for a small $2 donation with a significant amount of money raised being donated to a range of charities.

OPEN GARDEN SIGNAGE
Any garden taking part in the Festival Open Gardens will have an “OPEN GARDEN” sign on display. Due to unforeseen circumstances on any given day a garden may not be open at advertised times. We ask that you show respect and do not enter any garden not displaying one of our signs.
Thank you – Committee

My garden has been created from a blank canvas in 1993, with lots of trial and error plants that will stand up to our extremes of temperatures, +45 to -5. This garden features a cottage mix of native and exotic plants, with the goal to have something in flower all year round. Dotted with old farm items as a nod to the past and quirky art pieces, makes this garden a pleasure to meander through. Mature Queensland bottle trees and Cocos palms give a much needed canopy to form this “Oasis in the desert”. This will be the last time I will have my garden open to the public, so if it’s been on your ‘to see list’ this will need to be the year. As this is a working farm I will not be open every day, please check the schedule before driving out. $2 entry will be donated to the Royal Flying Doctors. Tea and coffee available. Buses welcome.

**GRAHAM AND GLYNIS MATTHEWS**
131 Nookamka Tce, Barmera (map 8)
Phone 0419 807 837
Graham and Glenys purchased this property late in 2016 and after building a large shed to house their car collection, turned their attention to the gardens in December 2017. The previous owners had installed a comprehensive watering system, but the majority had been decommissioned during the Millennium drought between 2001-2009. Both having a keen interest in gardens it was decided to remove the entire water system and level (with the help of a bobcat) what little garden remained to start with a clean page. Glenys had some idea of what she wanted to create, so a plan was drawn up allocating certain areas (rooms) to a particular type of garden. Established to date are the “flood plain” and “fence line” native gardens as well as a “Protea/Leucadendron/Kangaroo paw” garden. A comprehensive cottage garden borders the manicured lawn, with screens and a smaller garden blocking out the irrigation system and rainwater tanks. There is an assortment of floribunda and hybrid tea roses interplanted with many special bearded irises in another room. At the back of the house frangipani, magnolia and camellia are interplanted with salvia and smaller shrubs. At the eastern end more camellias with tree magnolia are established among more cottage garden. Recently completed at the front of the house is a formal garden surrounded by standard roses and cottage garden with a wisteria arbour over the pathway. Many of the planting throughout the gardens have been inspired by grandma (Vi Johnson), the real green thumb of the family. Paved pathways and steel Hessels.

Aleppo Pines lining the southern entrance to Loxtton were lopped in 2014 providing the opportunity for the trunks to be sculpted into public art. Riverland artist Tim Baulderstone was commissioned to carve the sculptures, shaping the trunks with a chainsaw and an angle grinder to carve the figures. Year 9 art students from Loxtton High School worked with Mr Baulderstone to create the designs. Students were given a particular tree to design, with the briefing being native animals, flora and fauna and students came up with individual designs which were made into clay models prior to carving. This area is now home to 16 incredible carvings including a frill-necked lizard, sulphur crested cockatoo, goanna, eagle and a possum set amongst a natural environment for all to enjoy.

AMBASSADORS

PETA-MARIE PHILIPPOU

Hi, my name is Peta-Marie. I moved to the Riverland in June last year after I scored my dream job as a journalist at the Murray Pioneer newspaper. I was no stranger to the Riverland as my partner was born and raised in Loxton and before I moved I visited regularly. Becoming a Rose Festival ambassador was a great way for me to meet incredible people, become involved with the community and fundraise for a charity I hold close to heart. Ronald McDonald House Charities is a wonderful organisation that help give sick children a home away from home. My family were taken in by Ronald McDonald House a few years ago and I will try my best to give back as much as I can.

MAGGIE LERAKIS

I’m a Riverland girl through and through born here, completed all my schooling here and am lucky enough to have full-time work here. I love being out surrounded by nature, growing up on a fruit block spending much of my days as a child outside is probably where it stems from. I also have a huge passion for travel since backpacking across Europe last year, collecting globes and maps since I was young I’ve always had a keen interest to see the world. This year I am excited to help raise funds for the Ronald McDonald House helping families during tough times. The Riverland is only a small place so I think everyone knows at least one person or family that has had it tough at some point and needed help using either this charity or others similar so I want to do anything I can do, big or small to help make it a litter easier for someone going though a hard time.

BILLIE BAYLIS

Hi, my name is Billie Baylis. I am a local Berri girl, who has grown living on the Murray River. After moving to Adelaide for just a few years to finish off my schooling, I returned to the Riverland late in 2018. Moving back from Adelaide to the Riverland has enhanced my love for the region, and what is has to offer. One of my favourite things to do is get on the Murray River with friends and family. I particularly love the sunsets over the river! How good! This year I am excited that as a team the Renmark Rose Festival Ambassadors will be raising money for the Ronald McDonald Foundation. A wonderful foundation that is keeping families with ill children together.

BARBARA TSOLOMITIS

I was lucky enough to have a great childhood growing up on my parent’s Stone Fruit Property and Vineyards in Renmark North, along with my younger sister and younger brother. I attended Renmark North Primary School and then Renmark High School, after high school I made the move to Adelaide for roughly eighteen months. When I returned to Renmark I gained employment at the Renmark Medical Clinic, I have been working at the clinic as a receptionist for just over 9 years and I love everything about this job but also that I have had the opportunity to really get to know the people in our lovely community. I am super keen to be getting involved in the Renmark community through the Rose Festival, raising money for a fantastic charity and making new friends this side of the Riverland. When I’m not working, you’ll find me on the River wake-surfing or mixing up espresso martinis. I’m simply living my best life!

JASMINE MORGAN

Hi I am Jaz! I was born and grew up in Loxton. I moved to Waikerie after high school where I met my now husband. For the last 5 years in Waikerie I have been involved in community events, fundraising for Apex, coaching community sport and promoting tourism though my previous role at Caudo Vineyard. The beginning of 2019 saw some big changes for me with an exciting new job at 23rd Street Distillery and a new house closer to Renmark. I am super keen to be getting involved in the Renmark community through the Rose Festival, raising money for a fantastic charity and making new friends this side of the Riverland. When I’m not working, you’ll find me on the River wake-surfing or mixing up espresso martinis. I’m simply living my best life!

Yvonne Lempens was born and bred in the Riverland. After 20 years of teaching art and working from her studio on a property at Lyrup Heights overlooking the Murray River with nature at its best, she has now retired in Renmark where she still continues to pass on her artistic skills to others. Yvonne is very captivated by nature and its surroundings so especially loves to create works of landscapes, seascapes, birds and flowers using mixed medium but predominately acrylic and watercolour, with particular emphasis on light, shadows, tone and reflections. Throughout the festival
Yvonne will be painting each day at Angove cellar door sales.
Deb Humble – About 20 years ago a friend of mine asked if I would go along with her to a Folk-Art Class in Renmark. At the time, I said that I couldn’t paint, but went along and surprised myself when I began to love it. In 2001, my family and I moved to Kangaroo Island where I joined The Art Hub artist group in Baudin Beach and began exhibiting and selling pieces. After moving back to Renmark in 2007 and seeing a decline in my painting, I began to take my artwork more seriously, and in 2017 started an art page on Facebook through which I have sold many pieces. I am best known for painting river scenes and flowers and am particularly interested in alternative painting techniques. I hope to one day be able to teach others.
Exhibition Opening Night – Thursday 17th October 6.00pm-8.00pm. All welcome, phone Yvonne 0421 514 954 or Deb 0429 007 070. Bookings preferred. Angove Family Winemakers Cellar Door Open Monday to Friday 10am-5.00pm, Saturday 10am-4pm & Sunday 10am-3pm.

**GARRY DUNCAN**

‘R & D 23 Distilled Duncan’

23rd Street Distillery, Cnr 23rd St and Renmark Ave, Renmark (map 1)

Garry has been around for a while, so has his art. You’ll see it all over the place – on a bottle of brandy, in a book or two, on your mate’s wall, across a bridge or under one, up a silo, even sprawled across an airport floor. You might be surprised where you’ll find it. Duncan is probably most known for his paintings of the River Murray but that’s not all he does. He doesn’t stand still and is always looking for the next big adventure. From time to time Garry needs to scrape off the accumulated artistic crust so he can explore new thoughts, inspiration and directions. To refresh, another renaissance period. Now is one of those times, so why not take his sketches and musings out of the studio and share the process. This exhibition will be largely of Garry’s current work, some of it experimental. Garry says “It’s a bit like a paintball skirmish, sometimes you hit the target, sometimes you don’t...”

Different – But Dis is still Duncan.

**ART QUILTS AND PORTRAITS – GLENYS LESKE – RUSTONS ROSES**

Moorna St, Renmark (map 3)

I have a life-long interest in fabrics, threads and textiles. Members of my family taught me to knit, crochet and sew as a young child and instilled in me a desire to be “doing”/creating. I enjoy the challenge of using different materials (what is available and at hand), experimental techniques and artistic expression through differing textile mediums. The Art quilts are a collection of family portraits celebrating milestones within our family, results from various design workshops and challenges, and a series of African animal quilts using 10 shades of fabric reflecting the ties in animal families. I am still experimenting and the ongoing development of portraiture using fabrics and thread, is leading who knows where and what will be the next project. Open everyday 11am-3pm.

**LYN ANSTEy EXHIBITION**

Wilkadene Brewery

65 Wilkinson Rd, Murtho (map 3) phone 8595 8191

Lyn is an accomplished artist who won her first prize at the age of 7. Born in Queensland, raised and educated in New South Wales and a long-term resident of Adelaide, Lyn made a tree change 5 years ago and moved to the Riverland. Since living by the Murray River Lyn has been inspired by her new surroundings to create her “River Life” collection of paintings. Walking along the river almost every day, she feels the different atmospheres – sees the different lights, the sunrises and sunsets. She sees campers, skiers, fishermen and always the birdlife and the beautiful river red gums. Some of the works evoke happy memories for long-term residents and as a result have been snapped up and taken home. ‘River Life’ will be a never ending series as there is so much to capture on canvas. Lyn’s versatility shows in the wide range of subjects she undertakes. From iconic landscapes of the Australian outdoors to her more recent work capturing the beauty of the Australian Flora to the more exotic flowers that she finds in her own garden and those of family and friends. Lyn will show a medley of her work. Besides the ’River Life’ and ‘My Garden’ series she has selected a number of landscapes and other art which she hopes you will enjoy. Original paintings and limited signed prints will be available for sale. To support the Rose Festival Lyn will be painting at the Woolshed Brewery during the festival. Please phone for times. Official Opening 12 noon Saturday 19th October, by Renmark Paringa Mayor – Neil Martinson. Open 11am-5pm daily.

Flavours of the Riverland
17302 Sturt Hwy, Barmera (map 8)
“I have a lifelong interest in fabrics, threads and textiles, and enjoy the challenge of using different materials (what is available at hand), experimental techniques and artistic expression through differing textile mediums. Being from a country region with limited art/material supplies has initiated a “make-do” attitude that has led to the use of unconventional recyclable materials in my work. My landscapes are created from personal photos taken on trips around Australia. They feature a background of layered fabrics, which are hand dyed, distressed, repurposed and manipulated, overlaid with fine silk organza. Hand and machine embroidery stitches are used en masse to give texture and perspective to the foreground. Works can include collage materials and found objects collected from the sites I have visited.” Open Thursday – Monday 10am-4pm, coffee, cakes and light lunches featuring produce of the Riverland.

When he left Darwin in 1913, the Chinese presented Dr Strangman with the testimonial banner made on their behalf in China and embroidered with NT gold. In 2000 Dudley started working with corrugated iron as a low cost material to construct sculptures with a group of special needs students at Glossop High school. Members of staff and the local community were impressed with the results and brought many of the sculptures. The funds raised were used by students to buy parts and motors for go-karts that were constructed in classes. His class’s work was featured in an article in the education departments Xpress newspaper in August 2001 and journalist Shirley Stackhouse on seeing some of the works in a garden in Hay NSW wrote an article about the students work in the Sydney Morning Herald “Domain” supplement. KESAB’s Ross Swain encouraged Dudley to enter his student’s work into the KESAB Environmental Awards, which they won in the school category that year. For the next 3 years KESAB featured a display of the sculptures at their tidy Towns Awards presentation day at AAMI Stadium. Dudley made trophies for many of their awards during that time, including the Beach Care Award perpetual trophy, featuring a Leafy Sea Dragon in stainless steel. In 2007 he took 6 months leave to develop more designs in both corrugated iron and stainless steel and begun to sell them in several outlets in South Australia, Dudley has exhibited his works in the “Our Changing Times” sculptural Art Exhibition at Ruston’s Rose garden and a “A Change in Art, artwork of Riverland teachers and students”, as part of the 2008 SALA Festival as well as two SALA festivals at Whistler Wines and Rockford Wines in the Barossa Valley. He retired from teaching at the end of 2008 to focus on his sculpture work. Dudley’s sculptures have been sold widely throughout South Australia and Australia, with some works going to Denmark and the USA. The Australian government under Kevin Rudd presented two of Dudley’s Kangaroos to the East Timor President during their Independence celebrations. Orroroo in South Australia’s Mid North have Dudley’s sculptures to commemorate the role of the draught horse in their pioneering days, a sculpture of Goyder and his horse made for the 150th celebrations as well as kangaroos at the three entrances to their town. Birdsville have purchased three of his works, camels (to commemorate the Burke and Wills Expedition’s connection with their town), Race horses with jockeys and a buck jumper to promote their famous race day. Dudley has lived in Renmark for 42 years and continues his art with recycled corrugated iron sourced from the fruit blocks of the Riverland. Open 10.30am -5pm Tuesday – Sunday.
